Subject: Stop Participating in Inhumane Deportations

Dear Freebird Airlines,

I am writing to express my deep concern and outrage at your involvement in the scheduled deportation of a friend of mine on October 15th, 2025, via a flight from Frankfurt (20:30).

By enabling this deportation, you are actively participating in an inhumane practice that violates basic human rights and dignity.

I urge you to withdraw from this flight and refuse to be complicit in a system that deports people to unsafe conditions. Deportation is not a neutral service — it is a violent act.

Sincerely,
